Subject: Microsoft Settlement

Your Honor,

I'm writing to voice my objections to the proposed settlement in the United States vs. Microsoft case. Microsoft has profited greatly from its anti-trust violations, and this settlement would allow the company to keep all of those ill-gotten benefits. Furthermore, the settlement doesn't prevent Microsoft from wielding its monopoly power again in the future. The proposed settlement only serves to expand Microsoft's monopoly by allowing them to increase their presence in perhaps the only market segment they don't already dominate--the education market. I ask you to reject the proposed final judgment.

Respectfully,
